Vogue
express*

express packages
the designer way

The Vogue Express service from Vogue Interiors is built specifically to meet the needs of the developer in turning difficult stock plots into attractive, stylish homes. This means we can dress any size plot to include; *furniture, window dressings, lighting and accessories* to help you gain a faster and more profitable sale. The aim of this service is to provide a consistent and reliable source of interior packages for the new homes developer in an increasingly difficult market.

Our keen prices are just one element of an all round package built on value for money!
